- ④ AUTOMATIC COTTON LOOMS
- ⑤ FLAT KNITTING MACHINES
- ⑥ COMPLETE BLEACHING PLANTS
- ⑦ COMPLETE DYEING PLANTS
- ⑧ CLOTH PRINTING MACHINES

KOVO PRAHA • CZECHOSLOVAKIA

OUR PRODUCTION PROGRAMME:

1. Spinning machines for Carded Wool

Spinning preparation for Wool and Waste
 Automatic Carding set
 Ring spinning frames
 Flax spinning preparing machines

2. Testing instruments

Sliver testers
 Yarn balances
 Yarn Reels
 Cloth balances
 Silver balances
 Conditioning apparatuses
 Yarn evenness tester
 etc.

3. Quick traverse Winders

Split-drum Winders
 Automatic Weft Winders ZET
 Automatic Weft Winders H-2
 Automatic Creels
 High-speed beam warpers
 Cone warping machines

4. Automatic cotton looms

Mechanic looms for Wool,
 Silk,
 Jute,
 Linen cloth
 Dobbies
 Jacquards
 Automatic attachments for looms

5. Flat knitting machines

6. Complete bleaching plants

Gas singeing machines
 De-sizing machines
 Rope washing machines
 High pressure kiers
 Scutchers
 Water calander etc.

7. Complete dyeing plants

Dyeing apparatus system Obermeyer and Thies
 for loose material, hanks, cheeses etc.
 Universal dyeing apparatus
 Warp beam dyeing apparatus
 Dyeing apparatus for hat manufacture
 Hosiery dyeing apparatus
 Dyeing vats
 Pièce-good dyeing machines
 Automatic tensionless jiggers
 Dyeing foulards
 Open-width dyeing machines
 Open-width washing machines

8. Cloth printing machines

Roller printing machines up to 10 colours
 Drying chambers
 Driving countershafts
 Forging jacks
 Colour boiling pans
 Colour straining machines
 Vacuum filtering machines
 Roller engraving machines
 Screen printing machines
 Steam agers
 Open-width washing machines
 Hotflues

Other finishing machines

Single and double chamber dryers for loose material,
 hanks and cheeses
 Cylinder drying machines
 Loop drying machines
 Tentering and drying machines
 Card-sliver-drying-machines
 Washing and drying machines for spun rayon
 Band drying machines for loose material
 Automatic yarn drying machines
 Multi-chamber periodic drying machines for hanks,
 cheeses etc.
 Carbonising machines for raw wool
 Cloth carbonising machines
 Chainless mercerising machines
 Starching mangles
 Calanders
 Hydraulic and electric presses
 Rotary presses
 Felt calanders
 Cloth shearing machines
 Spiral knives
 Cloth inspecting machines
 Vacuum hydro-extractors
 Centrifugal hydro-extractors etc.
 Electric cloth cutting machines
 Electric forms for stockings
 Plissé-apparatus

9. Accessories and sundries

Pick-counters
 Temples
 Warp stop motions
 Reeds
 Healds
 Shuttles
 etc.
